Join our ranks for glory and adventure!

TO ARMS!

The Hampton Legion, Co. G, Claremont Rifles

An American Civil War Living History Unit

Mustered in on August 19th 1861 in Stateburg South Carolina. Company "G" saw action at Seven Pines, Gaines' Mill, Second Manassas, Sharpsburg, Sayler's Creek, the siege of Chattanooga, and a rare night battle at Wauhatchie, among others. Our unit started as infantry and by the end of the war we were used as mounted infantry. Our impression is based on the company as they were in 1862.

Re-Living History Since 1974

We have striven to be a top notch group of living historians. Based out of Southern California, we are reenactors dedicated to preserving history in a welcoming, educational, and fun manner. We stay away from politics and any form of racism or discrimination is never tolerated.

Loaner uniforms and gear are available for new recruits. Camp with us under the stars, cook over a campfire and fight side by side during battle scenarios. You will be a part of a fully immersive history experience!

Reenactment combatants must be over 16 years old. Ask anyone in our unit for more information or send us an email. You can also find us on the internet or Facebook. We look forward to having you in our company!
